Dear Hiring Manager,

I am excited to be applying for a part-time Accounting lecturer position at American University of Cyprus (AUCY).

The skills I have developed from my work experience and academic background support my candidacy for the announced position and can be transferred to students who want to pursue a career in the accounting/auditing profession.

Currently, I am a Senior Manager (Head of Audit) at a medium sized audit firm in Larnaca. Overall, I have been in the profession for almost 8 years. My starting point was PwC Cyprus where I worked for 7 years consecutively. Being a professional at PwC Cyprus was an invaluable experience since during those years I have gained significant experience and expertise in audit and accounting since applying accounting standards (IFRS) and auditing standards (IAS) was part of the day-to-day work.

I consider that having the industry experience and how the real work of an accountant/auditor is, it gives you all the necessary tools to transfer that knowledge to students since you can give real-life examples and illustrations to make the subject clearer and more applicable to real world.

In regards to my experience in delivering courses, I was a member of the PwC Cyprus Assurance Learning & Development department and I have been delivering assurance related courses from 2018 until 2021 in English to fellow colleagues as part of the mandatory training that a professional should undertake in order to develop his knowledge and skills.

During 2021, I took the initiative to assist lyceum students in relation to their studies for Economics and Accounting, therefore I established Accounting Academy as a private institute which offers lessons for A, B and C grade lyceum students.

I also attend all the IFRS and ISA updates as per my Continuous Professional Development requirements of ICAEW membership in order to have an up-to-date knowledge in relation to the profession related matters. I would very much like an opportunity to discuss how my overall abilities suit your specific needs for this position. Thanking you in advance for considering me for this position.

Sincerely yours,

Giorgos Vasiliou ACA
